

Transderm-iQ

Relief At Last.

Topical Analgesic Patches

NDC: 72189-0148-15 | AWP: \$720.00

Soothing, Long Lasting, Deep Penetrating Relief.

Now available exclusively through DirectRx, NEW Transderm-iQ patches! Convenient for all-day, mess-free relief from aches and pains.

Transderm-iQ is a fast, effective, topical analgesic that assists in the long-lasting relief of pain. The active ingredients contribute to analgesic, anesthetic, and anti-inflammatory properties in order to help block pain symptoms.

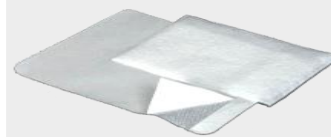

Unlike other patches that have multiple adhesives and steps for application, Transderm-iQ Patches are a one-step process for fast, soothing relief to the affected area. Simply peel off the back of the medicated patch and apply.

Active Ingredients:

- Lidocaine 4%
- Menthol 4%

Other Brands
2-Piece Patch

Transderm-iQ
1-Piece Patch

The Transderm-iQ line of products provides fast relief of pain symptoms originating from various sources, including:

- Exercise & Physical Activity
- Work-related Pain/Injury
- Bruises & Inflammation
- Muscle Soreness & Inflammation
- Joint/Articular Pain
- Nerve Pain/Impulses
